Note to plan sponsors and responsible plan fiduciaries: This document is intended for use by plan sponsors and other responsible fiduciaries of an eligible retirement plan only and is being provided by BlackRock for informational and educational purposes as you consider developing materials related to the LifePath Paycheck™ (“LPP”) solution that you may wish to provide to your plan participants in the future. This document and statements herein should not be considered fiduciary investment advice by anyone nor be construed as a promise regarding your plan’s investment options or plan outcomes. It is strictly confidential and may not be reproduced for, disclosed to or otherwise provided in any format to any other person or entity (other than your professional advisors bound by obligations of confidentiality) without the prior written consent of BlackRock.

The LPP solution and accompanying MyLifePath™ (“MLP”) digital experience is currently under construction and in the latter stages of product development; a purpose of these materials is to inform the final stages of development and to ascertain market interest. There are no guarantees that the features of the LPP solution or MLP digital experience will be implemented as they are described herein. The LPP solution is subject to, among other things, finalization of commercial agreements and plan sponsor adoption and implementation consideration. The LPP solution will initially only be available to U.S. employer-sponsored defined contribution plans qualified under Section 401(a) of the Internal Revenue Code of 1986, as amended (“IRC”) and may thereafter be available to other investor types, such as governmental plans qualified under Section 457(b) of the IRC, that have each entered into an investment management agreement with BlackRock, Inc. and/or its affiliates. Puerto Rico qualified, or U.S. and Puerto Rico dual-qualified defined contribution plans, will not be eligible to participate in LPP. A plan sponsor and/or the responsible fiduciary of an eligible plan should expect to allocate time and resources in connection with the onboarding and operational implementation of LPP in the event LPP is adopted as an investment option for its participants. In support of a plan sponsor’s decision to adopt LPP as an investment option for its plan participants, BlackRock can make available to plan sponsors and/or responsible fiduciaries information regarding, among other things: legal documentation, onboarding and operational implementation requirements, participant experience, disclosures, and technology integration.

Group annuity contracts in connection with LPP are issued by Brighthouse Life Insurance Company, Charlotte, NC 28277, and individual retirement annuity contracts are issued by Brighthouse Life Insurance Company, Charlotte, NC 28277, and, in New York only, by Brighthouse Life Insurance Company of NY, New York, NY 10017 (“Brighthouse Financial”). Brighthouse Financial® and its design are registered trademarks of Brighthouse Financial, Inc. and/or its affiliates. Annuities issued by Equitable Financial in connection with LPP, and any product guarantees associated therewith, are solely the responsibility of Equitable Financial Life Insurance Company, New York, NY (“Equitable Financial” together with Brighthouse Financial are the “Selected Insurers”).

The lifetime income option described herein is designed to provide eligible plan participants with a stream of lifetime income payments. The obligation to make the stream of lifetime income payments would be guaranteed under the terms of an individual retirement annuity contract a Selected Insurer issues to an eligible participant. The issuance of one or more individual retirement annuity contracts by a Selected Insurer is subject to, among other things, receipt of an eligible participant’s application determined by a Selected Insurer to be in good order and the participant’s rollover of a lump sum distribution from the plan to one or more individual retirement annuities maintained by each Selected Insurer. The stream of lifetime income payments would be made directly to the participant by each Selected Insurer. All guarantees, including any optional benefits, are subject to the claims-paying ability and financial strength of the issuing insurance company. Each issuing insurance company is solely responsible for its own financial condition and contractual obligations. BlackRock is not an insurance company, does not offer insurance products or provide any financial guarantee with respect thereto. Brighthouse Financial and Equitable Financial are not affiliated with BlackRock, Inc. and its affiliates, and subsidiaries.

The LPP solution may include collective investment funds maintained by BlackRock Institutional Trust Company, N.A. (“BTC”), which are available only to certain qualified employee benefit plans and governmental plans and not offered to the general public. Accordingly, prospectuses are not required and prices are not available in local publications. To obtain pricing information, please contact your local service representative at BlackRock. BTC is a wholly-owned subsidiary of BlackRock, Inc. For ease of reference, “BlackRock” may be used to refer to BlackRock, Inc. and its affiliates, and subsidiaries, including BTC (unless the context otherwise indicates). Any strategy referred to herein does not give rise to a deposit or other obligation of BlackRock, is not guaranteed by BlackRock, is not insured by the United States Federal Deposit Insurance Corporation or any other governmental agency, and may involve investment risks, including possible loss of principal invested.

Investing involves risk, including possible loss of principal. Asset allocation models and diversification do not promise any level of performance or guarantee against loss of principal. Investment in the funds is subject to the risks of the underlying funds. The principal value of the funds is not guaranteed at any time, including at and after the target date.

Past performance does not guarantee future results. Investment return and principal value of an investment will fluctuate so that an investor’s shares, when redeemed, maybe worth more or less than the original cost. Index returns are for illustrative purposes only and do not represent actual fund performance. Index performance returns do not reflect any management fees, transaction costs or expenses. Indexes are unmanaged and one cannot invest directly in an index. Collective fund performance assumes reinvestment of income and does not reflect management fees and certain transaction costs and expenses charged to the fund. Actual results may differ depending on the size of the account, investment restrictions, when the account is opened, and other factors. Risk controls, asset allocation models, and proprietary technology do not promise any level of performance or guarantee against loss of principal.
